Re: Holly Subdivision – Grading and Drainage Plan for Grading Permit in Holly Ave.

We are requesting a barricading permit to perform the work in Holly Ave. as approved in the Grading Permit of Holly Subdivision and the construction of Holly Ave. As you know, the mass grading of the subdivision requires significant change to the grade of Holly Ave. Therefore, the grading work in Holly Ave. will be completed prior to issuance of the Work Order. I am including the DTIS and ESC plan for the work in the roadway easement to assist in the approval of the permit.

Please contact me at 410-1622 or via email if you have any questions or comments.

Sincerely,

Ron E. Hensley P.E.
