Engineer's Stamp Date 11-8-18 (D10E003A)**

Dear Mr. Morrison,

Based upon the information provided in your submittal received 11-9-18, the above referenced plan is approved to be included in the SWPPP and for NOI review for grading and Building Permit with the following condition:

1. All lots, unless stabilized, are to have a sediment BMP behind the curb in the front of the lot. Most Operators at single family residential projects are using the cutback behind the curb.
