---

I know the excavation easement width varies, but what is shown on the plan is not even close. I would like it shown about 65 feet as it is on the attached plat (no. 8 is the AMAFCA easement). I will also need an encroachment permit as noted in my email from June 2011.

I only dropped off revised plan to Lynn last Friday. I don't know if she has had a chance to review. Yes, I will send PDF's  
Thanks  
David

Just checking to see if you had an approval letter from AMAFCA on A Class RV @ Journal Center, Lot 3 - Blue Sky Subdivision (D16/D002A3).

Also was wondering if you may have your plans and report in PDF format and would not mind emailing those. We are starting to ask Engineers to send us PDFs as well as the hard copy if possible. I believed this would be beneficial both to City as well as the consultants for future researches on the City Drainage Files.

Thanks and have a nice day.
