**Re: Renal Medical Associates Clinic
Grading and Drainage Plan
Engineer's Stamp dated 2-2-12 (D17/D020)**

Dear Mr. Broughton,

Based upon the information provided in your submittal received 2-2-12, the above referenced plan is approved for Building Permit. Please attach a copy of this approved plan to the constructions sets prior to sign-off by Hydrology. **This will now be the plan used to certify for release of Certificate of Occupancy.**

Since one acre or more is being disturbed, this project requires a National Pollutant discharge elimination System (NPDES) Permit for storm water discharge and a Topsoil Disturbance Permit.

Prior to Certificate of Occupancy release, Engineer certification per the DPM checklist will be required.

If you have any questions, you can contact me at 924-3986.

Sincerely,

Curtis Cherne, P.E.
Principal Engineer, Planning Dept.
Development and Building Services
