Dear Mr. Demeulle,

Based upon the information provided in your submittal received 05-30-13, the above referenced plan is approved for Building Permit. A separate Excavation/Barricading Permit is required for SO-19 construction within City ROW. A copy of this approval letter must be on hand when applying for the excavation/barricading permit. To obtain a Certificate of Occupancy, the proposed sidewalk culvert must be inspected and accepted. Please contact Jason Rodriguez, Storm Drain Maintenance, at 857-8074 to schedule an inspection.

PO Box 1293

Please attach a copy of this approved plan to the construction sets when submitting for a building permit. If the approved plan is not attached to the construction set, Hydrology will reject the construction set for building permit.
