RE: BARSTOW PARK IMPROVEMENTS, PHASE II (D19-D13C). GRADING AND DRAINAGE PLAN FOR BUILDING PERMIT APPROVAL. ENGINEER'S STAMP DATED SEPTEMBER 21, 1999.

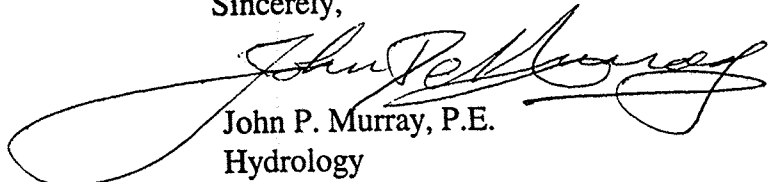

Dear Mr. Conley:

The need to update the Grading and Drainage Plan for Barstow Park was noted at the DRC meeting held in early September 1999. The Holmes & Narver plan dated back to November 1996. Your plan dated as above was approved and incorporated into the construction sets.

Thank you for furnishing copies of that G & D Plan submittal and AMAFCA'S Approval Letter dated September 30, 1999. This documentation allowed us to complete the Record for this phase.

If I can be of further assistance, please feel free to contact me at 924-3984.

Sincerely,

John P. Murray, P.E.

**RE: DRAINAGE PLAN FOR BARSTOW PARK (D19-D13C) RECEIVED
NOVEMBER 29, 1996.**

Dear Mr. Larrow:

The above grading and drainage plan dated 11/2/96 is approved. I believe you are requesting a grading plan approval versus a building permit approval.

I will review the building plans at DRC. Also, AMAFCA will have to approve the plan and approve the construction after the project is complete.

If you should have any questions, feel free to contact me at 768-2654.

Sincerely,
