TRANSPORTATION

Mr. Brian Warren, P.E.
Bohannon Huston Inc.
7500 Jefferson NE
Albuquerque, NM 87109-4335

August 20, 2012

Subject: Authorization to Proceed for Mountain America Credit Union

Ref: Utility Permit # 3-16723

To Install: 24 inch Storm Drain Connection to existing Inlet

Location: NM 423 from Mile Marker 10.1 Bernalillo County

***No hand holes or manholes shall be placed in sidewalks or pedestrian/ bicycle paths. ***

Dear Mr. Warren,

We have reviewed the subject utility installation you submitted on behalf of Mountain America Credit Union and find it satisfies State utility regulations as proposed. This correspondence is your authority to proceed with the construction of your facility installation in accordance with the drawings provided to us by your company. This authorization applies only to fee owned State highway right of way; if other lands are involved (Indian, Federal, State, etc.) it is your responsibility to have secured their approval of your installation as well.

Please note that the fully executed utility permit will be returned to you as soon as we receive the required As-Built Plans and the Electronic File. These items are required within 30-thirty days of completion of your installation.

You are required to notify Christina Bahl via fax at (505) 798-6633 or email:

christina.bahl@state.nm.us by completing the attached Traffic Control/ Roadway Work Permit Form at least five (5) days in advance of construction. Upon receipt of an approved Traffic Control Permit you will have permission to enter the NMDOT Right of Way.

Should you find it necessary to deviate from the proposed installation or approved TCP, any such deviation must have written approval by the District Three Office prior to proceeding with construction. All work performed must meet or exceed the NMDOT's Standard Specifications for Highway and Bridge Construction, current Edition.

In addition to the above requirements:

1. The Traffic Control Plan and all traffic control devices used by the owner and contractor must comply with Part VI of the Manual on Uniform Traffic Control Devices (MUTCD) 2009 or most recent edition.
2. The utility owner and contractor shall abide by Section 12.0 through 12.5 of the NMSH&TD Utilities Manual under General Utility Construction Requirements.
3. All above-ground utilities shall be marked in accordance with Section 18.0 of the NMSH&TD Utilities Manual under General Utility Construction Requirements.
4. Should the roadside disturbance in conjunction with this permit application be less than one acre, a National Pollution Discharge Elimination System (NPDES) will not be
