Item Number	Deficiency/ Corrective Action					
1	The SWPPP and self-inspection reports were not located during the inspection in violation of CGP Parts 4.7.3 and 7.3. Required mitigation: You must keep an up-to-date copy of your SWPPP and a copy of all your self-inspection reports at the site or at an easily accessible location, so that it can be made immediately available at the time of an on-site inspection per CGP Parts 4.7.3 and 7.3. Ensure that the SWPPP and all inspection reports are certified by all operators pursuant to CGP Appendix G, Part G.11.					
4	Discharge off site? (Y/N)		no	Latest report Date:		7/10/2023
Notes:						
The SWPPP was previously held in the original "family" room/building on-site. The SWPPP was not found during the current inspection.						
This site slopes toward Montano Rd, but a newly graded ditch is supposed to intercept drainage and pipe it into an on-site duck pond. If that works, there shouldn't be very much discharge to Montano Rd. No sediment discharged from this site was present in Montano Rd.
