I, Mark E. Weaver, NMRA #2036, of Mark Weaver Architecture+Design, hereby certify that this project is in substantial compliance with and in accordance with the design intent of the TCL approved plan dated 01-26-16 (architect's stamp dated 01-27-16). I further certify that I have personally visited the project site on 04-26-16 to visually inspect and verify the completed construction work. This certification is submitted in support of a request for Final Certificate of Occupancy.

Engineer's/Architect's Stamp dated 1-27-16 (E17-D075)

Dear Mr. Weaver,

The TCL submittal received 1-29-16 is approved for Building Permit. A copy of the stamped and signed plan will be needed for each of the building permit plans. Please keep the original to be used for certification of the site for final C.O. for Transportation.

When the site construction is completed and a Certificate of Occupancy (C.O.) is requested, use the original City stamped approved TCL for certification. Redline any minor changes and adjustments that were made in the field. A NM registered architect or engineer must stamp, sign, and date the certification TCL along with indicating that the development was built in "substantial compliance" with the TCL. Submit this certification TCL with a completed <u>Drainage and Transportation Information Sheet</u> to front counter personnel for log in and evaluation by Transportation.

Once verification of certification is completed and approved, notification will be made to Building Safety to issue Final C.O. To confirm that a final C.O. has been issued, call Building Safety at 924-3690.
