Albuquerque, NM 87102

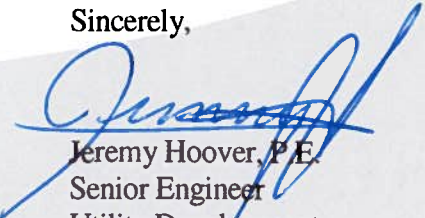

**Re: NM State Engineer's Office, City Project #7351.84**

Ms. Rael,

The Albuquerque Bernalillo County Water Utility Authority (ABCWUA) has received a Certification of Substantial Completion from Ronald R. Bohannon, P.E. of the firm Tierra West, LLC. for the above referenced project. The Water Authority has reviewed the testing and final inspection documents for the water and sanitary sewer infrastructure.

These facilities meet the requirements of the Water Authority and the developer has met all obligations with the Water Authority concerning said project. The Water Authority recommends project acceptance by the City Engineer and will take ownership and maintenance responsibilities for these facilities contingent upon City of Albuquerque acceptance of the project.

Sincerely,

Jeremy Hoover, P.E.  
Senior Engineer  
Utility Development  
ABCWUA
