Dear Mr. Woodall:

I, David B. Thompson, NMPE 9677, hereby certify that the 1-foot high solid perimeter walls and 1-foot high solid side lot line walls as identified in the Infrastructure List dated 2-13-13, have been constructed and are in substantial compliance with and in accordance with the design intent of the approved Grading and Drainage Plan dated 7-22-11. I further certify that I visited the project site to visually inspect the wall reinforcement, footing, and vertical wall blocks to ensure compliance with the design intent.

If you should have any questions about this certification, please call.

Sincerely,

David B. Thompson, P.E.
