Erosion Sediment Control Plan  
Engineer's Stamp Date 9-15-15 (F16E003E1)**

Dear Mr. Bohannon,

Based upon the information provided in your submittal received 9-15-15, the above referenced plan is approved to be included in the SWPPP and for Grading Permit/Building Permit once Hydrology has approved the Grading Plan.

Projects this size are usually phased. If area inlets are constructed in the interior of the site, inlet protection is required as necessary.
