**Re: Discount Tire Grading Plan  
Engineer's Stamp Date 7-7-14 (F16D009A)**

Dear Mr. Bohannon,

Based upon the information provided in your submittal received 7-7-14, the above referenced plan is approved for Grading and Paving Permit with the following comments:

1. Since the area of work is relatively small, Hydrology did not require drainage calculations.
2. Since drainage calculations were not provided, it is the responsibility of the engineer and the property owner to ensure this construction activity does not potentially damage adjoining property owners.

PO Box 1293
