**Re: Cliff's Amusement Park, Water Play Structure, Grading and Drainage Plan  
Engineer's Stamp date 01-06-12 (F17-D031A)**

Dear Mr. Arfman,

Based upon the information provided in your submittal received 01-06-12, the above referenced plan is approved for Building Permit.

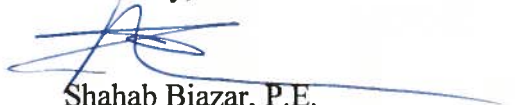

If one acre or more is being disturbed this project requires a National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge.

If  $\frac{3}{4}$  acre or more is being disturbed Topsoil Disturbance Permit will be required.

Please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology. Prior to Certificate of Occupancy release, Engineer Certification per the DPM checklist will be required.

If you have any questions, you can contact me at 924-3695.

Sincerely,

  
Shahab Biazar, P.E.  
Senior Engineer, Planning Dept.  
Development and Building Services
