TRAFFIC CERTIFICATION

I, Genevieve L. Donart, PE, NMPE No. 15088, of the firm Isaacson & Arfman, P.A., hereby certify that this project is in substantial compliance with and in accordance with the design intent of the DRB approved plan dated 02/01/2023. I further certify that I or someone under my direct supervision visited the project site on December 13, 2023 and have determined by visual inspection that the site conditions are as expected.

This certification is submitted in support of a request for Temporary Certificate of Occupancy.

The record information presented hereon is not necessarily complete and intended only to verify substantial compliance of the traffic aspects of this project. Those relying on the record document are advised to obtain independent verification of its accuracy before using it for any other purpose.

Sincerely,
Isaacson & Arfman, Inc.

Engineer's Stamp 02-01-23 (F19-D013E)

Dear Mr. Arfman,

The TCL submittal received 02-03-2023 is approved for Building Permit by Transportation. A copy of the stamped and signed plan will be needed for each of the building permit plans. Please keep the original to be used for certification of the site for final C.O. for Transportation.

PO Box 1293

Albuquerque

NM 87103

www.cabq.gov

When the site construction is completed and an inspection for Certificate of Occupancy (C.O.) is requested, use the original City stamped approved TCL for certification. Redline any minor changes and adjustments that were made in the field. A NM registered architect or engineer must stamp, sign, and date the certification TCL along with indicating that the development was built in "substantial compliance" with the TCL. Submit this certification, the TCL, and a completed Drainage and Transportation Information Sheet to the PLNDRS@cabq.gov for log in and evaluation by Transportation. **An approved/accepted sidewalk easement needs to be provided as a condition for issuing a final CO.**

Once verification of certification is completed and approved, notification will be made to Building Safety to issue Final C.O. To confirm that a final C.O. has been issued, call Building Safety at 924-3690.

Sincerely,

Ernest Armijo, P.E.
