Re: Drainage Certification for RHS Properties Office Building (F21 - D62)

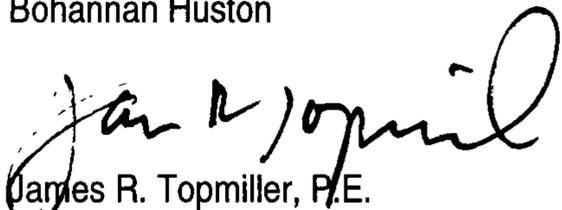

Dear Fred:

The purpose of this letter is to submit to your office a drainage certification for the RHS Properties office building, which is located near the northwest corner of Juan Tabo and Montgomery Boulevards.

The enclosed plan provides as-built elevations on the plan provided by field survey crews from Bohannon Huston. These elevations plus my own field inspection of the project indicate substantial compliance of the project with the approved drainage plan. Accordingly, I offer my certification to this affect by stamp and signature on the plan sheet.

With this submittal, we are requesting Permanent Certificates of Occupancy for the project. If I can answer any questions, please feel free to contact me at any time.

Sincerely,  
Bohannon Huston

  
James R. Topmiller, P.E.  
Vice President, Community Development  
and Planning Group
