Grading and Drainage Plan  
Engineers Stamp Date 3/13/15 (F22D028)**

Dear Mr. Nemeth,

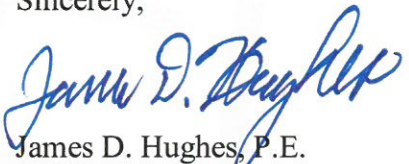

Based upon the information provided in your submittal received 4/11/19, this plan is approved for Grading and placement of sediment fences.

When completed please advise me upon completion and provide a copy of the as-builds for our records.

It is imperative that the floodway is maintained (as close as possible) to its original natural design, that is along with the placement of the sediment fences.

If you have any questions, please contact me at 924-3695 or Rudy Rael at 924-3977.

Sincerely,

  
James D. Hughes, P.E.  
Principal Engineer, Hydrology  
Planning Department
