**Re: Wilderness Canyon Subdivision  
Erosion Sediment Control Plan  
Engineer's Stamp Date 1-16-16 (F23E012)**

Dear Mr. Soule,

Based upon the information provided in your submittal received 1-19-16 the above referenced plan is approved to be included in the SWPPP and for Grading Permit, Work Order, Preliminary Plat, and ESC Permit once the plan is approved by Hydrology.

The ESC plan is also approved for the ESC Permit that will be required for Building Permit approval (starting 2-1-16) with the condition that Development Managing Consultants is the Building Permit applicant. If the lots are sold to a different company, that company will need to submit an ESC Permit application.

PO Box 1293

If you have any questions, you can contact me at 924-3420.

Albuquerque
