# Development & Commercial Stormwater Construction Site Inspection Report

General Information	
Project Name	St Joseph on the Rio Grande
Owners/Operators Name	SN Construction
Date of Inspection	9-10-18
Inspector's Name(s)	James Olson / Curtis A. Cherne
Inspector's Title(s)	Inspector
Inspector's Contact Information	228 1017
Inspector's Qualifications	Training and work experience - see inspector qualification page in section 2 of the SWPPP
Type of Inspection:	
<input checked="" type="checkbox"/> Regular <input type="checkbox"/> During storm event <input type="checkbox"/> Post-storm event	
Weather Information	
Has there been a storm event since the last inspection?	
If yes, provide:	
Storm Start Date:	Approximate Amount of Precipitation (in):
Weather at time of this inspection?	
<input checked="" type="checkbox"/> Clear <input type="checkbox"/> Cloudy <input type="checkbox"/> Rain <input type="checkbox"/> Sleet <input type="checkbox"/> Snowing <input type="checkbox"/> High Winds <input type="checkbox"/> Partly Cloudy <input type="checkbox"/> Other:	
Have any discharges occurred since the last inspection? NO	
If yes, describe:	
What did the water look like at the time of the discharge? Clear <input type="checkbox"/> Partly turbid <input type="checkbox"/> Very turbid	
Are there any discharges at the time of inspection? NO	
If yes, describe:	
What did the water look like at the time of the discharge? Clear <input type="checkbox"/> Partly turbid <input type="checkbox"/> Very turbid	
1. Is a rain gage installed on site? YES Where is it located? Fence Post @ Gate 2. Has the Rain Event page been filled out? 3. Are there MSDS sheets on site? YES Where are they located? Corner 4. Has the SWPPP been signed on the certification page? What companies have signed? 5. Have the delegation letters been signed? What companies have signed? 6. Has a delegation of authority been filled out for who is signing the inspection reports? Who is signing the inspection reports? 7. Has the "Chemical On Site" form been filled out? 8. Is there a spill kit on site? Where is it located? 9. Have they done any training for the supervisors or others? 10. Was the inspector able to train any one on this visit? Who did you speak with?	
Are the SWPPP and inspections available on site?	The SWPPP book and inspections are located at YES 5901 St Joseph NW
Notes	
1. 1/4 bag of lime after inspection	
2. Not higher than waste	
3.	

### Final Stabilization/Termination Checklist.

1.	Are all soil-disturbing activities complete?	NO	
2.	Have all inactive areas of the site not covered by pavement or structure achieved a density of 70% coverage?	NO	
3.	Date of Final Stabilization.		

If construction ceases on the site for more than 14 days, the site must be stabilized until construction resumes.

Date Construction Stopped		Date Construction Resumed	
Measures Taken to Stabilize the Site.			

Verify what stage of construction the project is in, and record dates when activities started and were completed.

#### Construction Phasing

Activity	Current Status	Activity Started / Completed
Installed BMPs		Started: 7-23-18 Completed: 8-3-18
Site Clearing and Grading		Started: 8-1-18 Completed: 8-1-18
Installing Utilities		Started: Completed:
Building Structure		Started: Completed:
Paving and Walks		Started: 9-11-18 Completed:
Final Grading/ Stabilize Site		Started: Completed:
Other		Started: Completed:

#### Site-specific BMPs

• The corrective actions initiated and date completed are in the Corrective Action Log.

	List of BMPs Installed	BMP Installed?	BMP Maintenance Required?	Notes
1	Silt Fencing	yes	yes	In early 2015 Bent to middle Phase #1
2	Wattles	yes	yes	
3				
4				
5				
6				
7				
8				
9				
10				

1	Are the BMPs shown on the map?	yes	
2	Were there changes to the SWPPP?	yes	
3	Has the SWPPP been updated?	yes	
4	Were the changes to the SWPPP implemented within 7 days?	yes	

	New BMPs needed	Notes
1	Gravel @ Entrance	
2		
3		
4		
5		

#### Overall Site Issues

A list of corrective actions will be supplied with this inspection.

	BMP/activity	Implemented?	Maintenance Required?	Corrective Action Needed and Notes.
1	Are all slopes and disturbed areas not actively being worked properly stabilized?	yes		
2	Are natural resource areas (e.g., streams, Arroyos, mature trees, etc.) protected with barriers or similar BMPs?	yes		
3	Are perimeter controls and sediment barriers adequately installed (keyed into substrate) and maintained?	yes		
4	Are discharge points and receiving waters free of any sediment deposits?	yes		yes Bi-monthly Inspections
5	Are storm drain inlets properly protected?	yes		yes
6	Is the construction exit preventing sediment from being tracked into the street?	yes		3/4 Gravel Needs to be Add @ Entrance
7	Is trash/litter from work areas collected and placed in dumpsters?	N/A	yes	Picked up weekly
8	Are washout facilities (e.g., paint, stucco, concrete) available, clearly marked, and maintained?	yes	yes	

	BMP/activity	Implemented?	Maintenance Required?	Corrective Action Needed and Notes.
9	Are vehicle and equipment fueling, cleaning, and maintenance areas free of spills, leaks, or any other deleterious material?	YES		
10	Are materials that are potential storm water contaminants stored inside or under cover?	YES		
11	Are non-storm water discharges (e.g., wash water, dewatering) properly controlled?	YES		
12	Has the Site map been updated to reflect current conditions?	YES		The map has been updated. YES
13	Is the NOI posted	YES		NOI Posting Location: CONVEY
14	Were previous corrections made within 7 days of last inspection or before the next storm event?	YES		
15	(Other)			

Walk through the facility and look for signs of pollution including paint, solvents, chemicals, solid waste, oil, and fuel.			
1	Are there any signs of hazardous materials being exposed to storm water runoff?		
2	Have there been any reportable quantities releases of hazardous materials?		

#### CERTIFICATION STATEMENT

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

**Sent:** Monday, September 10, 2018 4:20 PM  
**To:** Cherne, Curtis  
**Subject:** RE: self inspection report for St. Joseph on the Rio Grande

Good afternoon Mr. Cherne,

I'm not familiar with this project and checked in with the office to see if there was any information. It appears that SDV did not hire us to perform inspections on this particular project. Sounds like there may be some confusion along the way somewhere. I will follow up if I hear anything different.

Thank you for your time.

Jeff

**Subject:** FW: self inspection report for St. Joseph on the Rio Grande

James,  
Good morning.  
Per e-mail from Inspections Plus, SDV did not hire them to perform self-inspections.

Self-inspections are required once every 14 days and within 24 hours of a precip event of 0.25 inches or greater.

So you can do them yourself or contract it out, either way. If you would like a copy of the form that I use, please let me know and I will send it to you.

Please provide a self-inspection report within 7 days.

Hi Curtis!

I am so glad you emailed about this one. I went out to the site and they are going to do work on the south side as well. I have attached a corrected drawing with the Vicinity Map and the correct N arrow. The site is on the NE Corner of St Joseph's and Atrisco.

I hope this helps!
