Grading and Drainage Plan,
Engineer's Stamp dated 10-42512 (G11/D048)**

Dear Mr. Balaskovits,

Based upon the information provided in your submittal received 12-03-12, the above referenced plan is approved for Grading Permit and Building Permit. This project requires a National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge. Please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology.

Albuquerque's MS4 Permit became effective March 1st, 2012. Grading and Drainage Plans and Drainage Reports will have to comply with the requirements of the new permit (www.cabq.gov/Planning/landcoord/Hydrology.html).

If you have any questions, you can contact me at 924-3695 or Rudy Rael at 924-3977.

Sincerely,

Shahab Biazar, P.E.
