

## 1.4 Operator / Permittee SWPPP Certification

### EPA Region 6 NPDES Stormwater Construction SWPPP Certification

This certification is prepared for compliance with Parts 7.2.10 of the NPDES Region 6 Stormwater Construction General Permit and may be used in the Stormwater Pollutant Prevention Plan (SWPPP). All parties that either individually, or taken together, meet the definition of "operator," must be permitted and sign a SWPPP certification. Each of these parties must have separate and distinct NPDES permit numbers (e.g. a separate CGP is typically needed for each Owner/Developer, General Contractor, and/or Builder). If you do not know your EPA Permit Number, contact the NOI Processing Center at 866-352-7755. EPA's Region 6 stormwater hotline phone number is 214-665-8060. This form is for use as a guideline and it is not a required form for use with the CGP. This information may be displayed in alternative form or formats within guidelines set forth in the CGP. Additional information regarding the NPDES Region 6 stormwater program may be found on the Internet at <http://www.epa.gov/region6/sw/>. Any person with a complaint about the operation of this facility in regards to this permit should contact EPA Region 6 at 214-665-7112.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted.
