**Re: Holiday Park Multigenerational Center Engineer's Stamp dated 12-05-11  
(G22/D008)**

Dear Mr. McGee,

Based upon the information provided in your submittal received 12-06-11, the above referenced plan is approved for Building Permit.

If one acre or more is being disturbed this project requires a National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge. If  $\frac{3}{4}$  acre or more is being disturbed Topsoil Disturbance Permit will be required.

Please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology. Prior to Certificate of Occupancy release, Engineer Certification per the DPM checklist will be required.

If you have any questions, you can contact me at 924-3695.

Sincerely,

Shahab Biazar, P.E.  
Senior Engineer, Planning Dept.  
Development and Building Services
