Dear Mrs. Nilsson-Weber,

Based upon the information provided in your submittal received 12-05-12, the grading and Drainage Plan is approved for Work Order and Grading Permit.

This project requires a National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge for disturbing one acre or more and a Topsoil Disturbance Permit for disturbing $\frac{3}{4}$ of an acre or more. Please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology. Engineer Certification per the DPM checklist will be required.
