Re: Chase Bank - ATM 5201 Ouray Rd. NW Traffic Circulation Layout Architect's Stamp 04-20-22 (H11-D059E)

Dear Mr. Lynch,

2.

Based upon the information provided in your submittal received 04-22-22, the above referenced plan cannot be approved for Building Permit until the following comments are addressed:

1.	Please show a vicinity map showing the location of the development in relation to streets
	and well known landmarks.

PO Box 1293

- 3. Due to proposing ATM at some of parking stalls, Provide parking calculation showing the rest of the parking spaces still meet the requirement for this property.
- Albuquerque 4. The minimum drive through lane width is 12 feet with a 25 foot minimum radius (inside edge) for all turns. (A 15 foot radius can be used with an increase in lane width to 14 feet). Please dimension all lane widths and radii.

NM 87103

5. Provide 20 ft long space for each car in the drive-through.

Provide Lease agreement with property owner.

6. Last car in the drive-through is blocking the parking space adjacent to the ATM drivethrough. Please address this concern.

www.cabq.gov

- 7. Provide the drive aisle width from the ATM to the north landscape island.
 - 8. Please specify the City Standard Drawing Number when applicable.
 - 9. Keynote 8: Provide details for "STOP" "DO NOT ENTER" sign.
 - 10. Provide shared access agreement.
 - 11. Please provide a letter of response for all comments given.
 - 12. Traffic Studies: See the Traffic Impact Study (TIS) thresholds. In general, a minimum combination of 100 vehicles entering and exiting in the peak hour warrants a Traffic Impact Study. Visit with Traffic Engineer for determination, and fill out a TIS Form that states whether one is warranted. In some cases, a trip generation may be requested for determination (Contact Matt Grush: mgrush@cabq.gov).

Once corrections are complete resubmit

1. The Traffic Circulation Layout

CITY OF ALBUQUERQUE

Planning Department Brennon Williams, Director

- 2. A Drainage Transportation Information Sheet (DTIS)
- 3. Send an electronic copy of your submittal to PLNDRS@cabq.gov.
- 4. The \$75 re-submittal fee.

For log in and evaluation by Transportation.

If you have any questions, please contact me at (505) 924-3675.

Sincerely,

avun
