REF: SUBMITTAL FOR RYDER TRUCK RENTAL (H14-D30) RECEIVED MARCH 29, 1984

Dear John:

I don't know what this submittal is for. The submittal sheet has "other" checked as the type of approval requested without any other clarification.

This submitted plan is nothing more than a survey of a site or site plan. It is not a drainage submittal. If it is intended to be a drainage submittal, I would recommend that your client retain a qualified Registered Civil Engineer that is familiar with the requirements for a drainage plan.

If I can be of further assistance, please contact me at 766-7644.

Yours truly,

Billy J. Goolsby

NOTICE TO CONTRACTOR

1. An excavation/construction permit will be required before beginning any work within City right-of-way. An approved copy of these plans must be submitted at the time of application for this permit.
2. All work detailed on these plans to be performed, except as otherwise stated or provided hereon, shall be constructed in accordance with "Contract Documents for Public Works Contract No. 84-1.
3. Two working days prior to any excavation, contractor must contact Line Locating Service, 764-1234, for location of existing utilities.
4. Prior to construction, the contractor shall excavate and verify the horizontal and vertical locations of all obstructions. Should a conflict exist, the contractor shall notify the engineer so that the conflict can be resolved with a minimum amount of delay.
5. Backfill compaction shall be according to ARTERIAL street use.
