Item Number	Deficiency/ Corrective Action				
1	Permit coverage wasn't posted. You must post a sign or other notice of your permit coverage at a safe, publicly accessible location in close proximity to the construction site. The notice must be located so it is visible from the public road that is nearest to the active part of the construction site, and it must use a font large enough to be readily viewed from a public right-of- way per CGP 1.5				
2	SWPPP wasn't available on site at time of inspection, so it couldn't be checked to see if it is up-to-date. - Provide a scanned copy of the up-to-date SWPPP with all reports to the Storm Water Quality Section at 600 2nd St NW suite 400 - Jhughes@cabq.gov - Per CGP 4.8.2				
3	Silt Fence and Stabilization were missing from the south half of this site where you demolished the building and parking lot. You must now apply cover per CGP 2.2.14 and install the missing silt fence. The inlets in Raising Cane's parking lot drain to the City's MS4 and into the Rio Grande. Keep sediment out of the storm drain.				
	You must continue permit coverage, self-inspections, SWPPP and BMP maintenance until the City determines that the Final Stabilization Criteria CGP2.2.14.c has been satisfied Then you must remove the BMPs and send documentation of the Final Stabilization to the EPA with a Notice of Termination (NOT) per CGP 8.2 to end your coverage under the CGP.				
2.1	Discharge off site? (Y/N)	no			
4	Self Inspection Reports		Latest report Date:	n/a
