**RE: Grading and Drainage Certification – Saint Bernadette Church Remodel
(H21-D5A) (1800 Martha Street NE)
Engineer's Stamp dated June 15, 2001
Engineering Certification dated April 29, 2002**

Dear Mr. Cordova:

Based upon the information provided in your submittal dated April 29, 2002, the Engineering Certification for Certificate of Occupancy for the project referred to above can be issued at this time.

In reviewing your engineers Certification submitted to our office, for the above project, there was an exception to the drainage plan. The City does not have any criteria for this exception in our Drainage Ordinance or in the DPM. Also, this exception is not in public Right of Way. The ponded runoff in the sidewalk will require more maintenance by the owner of the property.

If you have any questions please contact me 924-3982.

Sincerely,

Carlos A. Montoya
City Floodplain Administrator

Re: Certification Submittal for Final Building Certificate of Occupancy for
St. Bernadette Catholic Church, [H21 / D005A]
1800 Martha St. N.E.
Architect's Stamp Dated -04/04/02.

Dear Mr. Hamblen:

The TCL Certification package submitted on May 8, 2002 is now sufficient for acceptance by this office for final Certificate of Occupancy (C.O.). Information additionally submitted as requested by this office makes the package sufficient for Permanent C.O.

For future reference, all documentation must be submitted with a completed Drainage and Transportation Information Sheet on every submittal, (also used for the Grading and Drainage submittal) to Hydrology at the Planning counter of the Development Services Center. The Information Sheet can be picked up there.

Notification has been made to Building and Safety and final C.O. has been logged in by Vicki Chavez-505-924-3306, in the Building Safety Section downstairs.

Sincerely,

Mike Zamora, Commercial Plan Checker -

Dear Mr. Cordova:

The TCL/Letter of Certification submitted on May 8, 2002 is not sufficient for acceptance by this office for final Certificate of Occupancy (C.O.).

The TCL (or DRB Site Plan) submitted for Final C.O. is incomplete. All sheets relating to the construction need to be part of the C.O. Certification package. A reference is made to sheet A-1.1. Resubmit acceptable sheet along with fully completed Drainage and Transportation Information Sheet to front counter personnel for log in and evaluation by Transportation.
