Mr. Means,

Effective today, August 21, 2018, the existing Hydrology approval letter in support of Temporary Release of Occupancy for 9601 Tierra Pintada Blvd NW is extended another 30 days.

If you have any questions, please contact me.

Renee,

We'd like to request an extension of the temp C.O. The contractor has made the noted corrections, but we have yet to survey/verify the corrections because we are waiting for the installation of the field turf to be complete (scheduled to be done by the end of the month) before we have final stabilization and to do our final overall as-built for APS which involves a drone flight.

Please let us know if we can get an extension.

Thank you,

Graeme
