Hi Curtis,
Franklin's found a use for the dirt, so the stockpile never happened. I don't think they ever pulled a permit. I apologize for not notifying you!

RP,
Good morning.

In November of 2017, I approved an Erosion and Sediment Control Plan for WALH Towne Center Stockpile located north of I40 and west of Arroyo Vista. See map with J08E004.
I guess Pulte wanted a place to stockpile some dirt.

I have driven up Arroyo Vista numerous times since then and as far as I can tell it never happened.
If this is the case, I would like to take it off my list of stuff to track.

Please let me know.
Thank you for your time.
