Re: Hamilton Test Facilities at 1500 Broadway N.E. and
9805 Central N.E. - Certificates of Occupancy.

Dear Fred:

Please find attached the As-Built drawings for the
Broadway site.

I hereby certify that substantial compliance has been
met on this project with regard to grading and drainage.

The Central Ave. site still has a few minor problems
complying with the approved plan and we hereby request a
six week extension of the temporary Certificate of
Occupancy.

Thank You

John Armstrong
