RE: ADDITIONAL INFORMATION FOR DRAINAGE PLAN
SUNWEST OPERATIONS CENTER ANNEX, 515 SLATE AVE., N.W., J-14-Z

Dear Billy:

As you requested in our conversation of December 14, 1983, we have added the following information to the above-referenced Drainage Plan dated November 29, 1983. A print of the revised Site Plan and Drainage Plan is attached.

1. Additional spot elevations on the top of asphalt in the existing paved parking area and driveway to supplement the contour elevations already shown.
2. Arrows indicating direction of flow of storm runoff.
3. Limit of pavement removal to clarify keyed Note 11.

We hope that this will complete the remaining items on your check list for final approval of this Plan.

Sincerely,

BOYLE ENGINEERING CORPORATION

Thornton D. Schwenk, P.E.
Senior Civil Engineer
