

4 August, 2004

Lew Wallace Elementary School
Phase 2 – Renovations
513 Sixth Street, NW
Albuquerque, New Mexico

Certificate Of Occupancy

This is to certify that as Project Architect for the above-referenced Project we have reviewed the work completed to date for the new **Cafeteria and Media Center** building, and have found the work on the building to be **Substantially in Compliance with the requirements for this Project**.

This Project was reviewed and approved by the City Of Albuquerque for compliance with the **Downtown 2010 Sector Development Plan**, and received **Administrative Approval** of the **Site Development Plan**. Copies of the approved drawings are attached to both the City and Contractor sets of the Building Permit Documents.

A separate Transportation Circulation Layout was not required for this Project.
