RE: DRAINAGE PLAN FOR SUNWEST BANK @ SIXTH & LOMAS (J-14/D62)

Dear Bernie:

In response to your preliminary review of the above-referenced project, I offer the following:

1. Note #6 on the plan states that the "Contractor is responsible for erosion control during the construction phase, including any provisions that need to be taken to divert any sediment from entering the city right-of-way". A specific type of erosion control was not stated because the site is already developed, the slopes are relatively mild and there may be no need for erosion control.

Your timely assistance in this matter is appreciated.

Cordially yours,

CHAVEZ-GRIEVES CONSULTING ENGINEERS, INC.
