RE: DRAINAGE PLAN FOR PRESBYTERIAN WAREHOUSE ADDITION
(J-14/D68A) ENGINEER'S STAMP DATED FEBRUARY 17, 1992

Dear Mr. Chavez:

Based on the information provided on your submittal of February 18, 1992, the following concerns must be addressed prior to final approval:

- ✓ 1. Identify what basins are going to each proposed sidewalk culvert and also provide the hydraulics for the culverts.
- ✓ 2. Sign-off block for the S.O. #19 format along with the six notes within the plan drawing.
- ✓ 3. Sidewalk culvert specs do not allow you to sawcut the face of the curb, you must remove the complete stone. Please remove that note from the plan drawing about the sawcut.
- ✓ 4. Two (2) copies of blueprints are required with your resubmittal.
- ✓ 5. Evaluation of your determination for free discharge onto Mountain Road.
