DRAINAGE FILE/ZONE ATLAS PAGE NO.: J-14 DATE: 8/2/88 @ 1:00
PLANNING DIVISION NOS: EPC: _____ DRB: _____
SUBJECT: Warehouse for SW Surveying
STREET ADDRESS (IF KNOWN): _____
SUBDIVISION NAME: Lot 2A Block 2 Trotter Addition

APPROVAL REQUESTED:

_____ PRELIMINARY PLAT	_____ FINAL PLAT
_____ SITE DEVELOPMENT PLAN	<u>X</u> BUILDING PERMIT
<u>X</u> OTHER <u>foundation</u>	_____ ROUGH GRADING

	WHO	REPRESENTING
ATTENDANCE:	<u>Frank Lovelady</u>	<u>Lovelady & Assoc</u>
	<u>Hydrology Section</u>	<u>Roger Green</u>

FINDINGS:

1. An approved Grading and Drainage Plan is required for Foundation Permit approval. Plan must show proposed finished floor and drainage scheme of inside and outside flows. Include Hydrology calculations.
2. Arroyo Street is an existing flood zone with a flood elevation identified as of 4754.0. Finished floor must be a minimum elevation of 4755.0 to meet City flood hazard ordinance.
3. Free discharge is approved since site is an infill site and storm drains are in Lowes and Middle at south end of Arroyo.

The undersigned agrees that the above findings are summarized accurately and are only subject to change if further investigation reveals that they are not reasonable or that they are based on inaccurate information.
