Re: Certification Submittal for Final Building Certificate of Occupancy for
Anderson Warehouse, [J14 / D142]
1619 First St. N.W.
Engineer's Stamp Dated 05/16/02

Dear Mr. Bennett :

The TCL submitted for second review, dated May 20, 2002 is not yet sufficient for acceptance by this office. It requires completion of the items not yet addressed on the checklist or the original mark up and items called out on the TCL revised by the designer. The Drainage/Transportation Information Sheet must be filled out completely ("surveyor" or "contractor" are not as critical) so other parties that need to be contacted are listed.

Please submit the corrected TCL again to Hydrology along with all original documentation (checklist) and all mark-up copies.

Sincerely,

Mike Zamora, Commercial Plan Checker
Development and Building Services
Planning Department
