RE: Emerald Building

Mr. Bingham:

Enclosed is one blueline copy of the revised Grading and Drainage Plan for the Emerald Building for your review and approval. We have addressed the comments received with the letter of May 30, 2006. A new sidewalk has been shown along the north property line and will be constructed as part of the project. The roof drainage directions have also been added. With these change the plan is ready for approval.

Please call me at 255-7802 if you have any questions or require additional information.

Sincerely,
