This map shows Titan's area of Disturbance, about 30 acres, that they didn't submit to the City.

Titan represents the owner, 98th & I-40 Land, LLC, who owns about 100 acres shown below as the majority of the "Westpoint 40" Common Plan of Development or Sale.

Monday, Titan renewed NMR10045T, which was originally associated with the Tiremart site, shown below as K09E047. Tiremart bought its site from Titan after it was graded, and Miremart has coverage under NMR10044B, and Tiremart is generally in compliance with the CGP.

Titan's original Westpoint 40 project included K09E047 sold to Tiremart, K09E044 sold to Maverick (terminated), and K09E050 sold to Bluesky Distributing (not started yet). Titan disturbed K09E041 in association with Maverick's site, but the City doesn't have any record of their CGP coverage, and their site may satisfy CGP 2.2.14.c. now (growing grass)

98th & I-40 Land, LLC transferred K09E061 to Westpoint 40 I, LLC, which is developing their "150K Building" under NMR1004R6 (Operator point of Contact Brian Paterson at 505-998-0163 of Titan Development bpatterson@titan-development.com).
