**Re: Vitality Works Warehouse Addition
Erosion and Sediment Control Plan
Engineer's Stamp Date 4-2-18 (K10E009)**

Dear Mr. Soule,

Based upon the information provided in your submittal received 4-9-18, the above referenced plan is approved to be included in the SWPPP and to apply for an ESC Permit for grading and Building Permit with the following condition:

1. The silt fence is to be relocated south and west of the large building addition so that it will trap sediment from the proposed grading in that area.

PO Box 1293

Include a copy of the approved plan in the Building Permit set.

If you have any questions, you can contact me at 924-3420.

Albuquerque

Sincerely,

NM 87103

Curtis Cherne, P.E.
Principal Engineer, Stormwater Quality
