**Subject:** Access for the Legacy Church

Dennis,

It has been some time since we discussed access (indirectly) for the Legacy Church to Unser Blvd. Sarracino Court presently has access to Unser Blvd and no record has been found that restricts this access point. I have no objection to having the Legacy Church utilizing Sarracino Place in accordance with the Traffic Impact Assessment prepared by the Harwick Transportation Group, Inc. dated November 17, 2011.

Richard
