Re: Zanios/Brunacini: Airport Drive Storm Drainage Upgrade

Dear Mr. Kelly:

I have reviewed your form of Notice of Termination and Cancellation of Drainage Agreement and of Drainage Covenant. I approve the form.

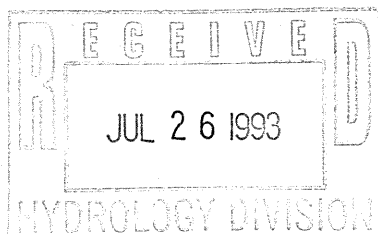

Mr. Gilbert Aldez has informed me that he spoke with you concerning the need for a certification that the permanent retention ponds have been constructed. My reading of paragraph 9 of the Drainage Agreement is that the release is due upon completion, not only of the project, but of the detention ponds. This is also reflected in paragraph 9 of the Drainage Covenant. If you disagree with this interpretation please let me know.

Yours truly,

Edward R. Pearson  
Assistant City Attorney
