Re: Drainage Ordinance (14-5-2-11) Violations for Erosion and Sediment Control

The following violations were observed while inspecting the Site on Wednesday April 30th.

1. Earth disturbance began prior to approval of an NOI and ESC Plan by the City.
2. NPDES coverage is not posted.

Required Mitigation:

1. The Erosion and Sediment Control Plan (ESC Plan) must be submitted to the City for approval.
2. The property owner's NOI and related documentation must be submitted and approved by the City.
3. You must post a sign or other notice of your permit coverage at a safe, publicly accessible location in close proximity to the construction site.

If the violations are not mitigated within 7 days, the property owner is subject to a fine of \$500/day per the City's Drainage Control Ordinance and the non-compliance will be reported to the EPA.
