Re: Central & Atrisco Façade Remodel, 4010 Central Ave. SW, Traffic Circulation Layout Architect's Stamp dated 9-15-14 (K12-D033)

Dear Mr. Grummer:

The TCL submittal received 09-15-14 is approved for Building Permit. A copy of the stamped and signed plan will be needed for each of the building permit plans. Please keep the original to be used for certification of the site for final C.O. for Transportation. Public infrastructure or work done within City Right-of-Way shown on these plans is for information only and is not part of approval. A separate DRC or other appropriate permit is required to construct these items.

Albuquerque When the site construction is completed and a Certificate of Occupancy (C.O.) is requested, use the original City stamped approved TCL for certification. Redline any minor changes and adjustments that were made in the field. A NM registered architect or engineer must stamp, sign, and date the certification TCL along with indicating that the development was built in "substantial compliance" with the TCL. Submit this certification TCL with a completed <u>Drainage and Transportation Information Sheet</u> to front counter personnel for log in and evaluation by Transportation.

Once verification of certification is completed and approved, notification will be made to Building Safety to issue Final C.O. To confirm that a final C.O. has been issued, call Building Safety at 924-3306.

Sincerely,

Racquel M. Michel, P.E. Senior Engineer, Planning Dept. Development Review Services
