Re: Residential Units

413 Harvard Dr. SE

Request Permanent C.O. - Accepted

Engineer's Stamp dated: 12-17-15 (K16D083)

Certification dated: 7-18-16

Dear Mr. Valdez,

Based on the Certification received 7/20/2016, the site is acceptable for release of Certificate of Occupancy by Hydrology.

PO Box 1293 If you have any questions, you can contact me at 924-3986 or Totten Elliott at 924-3982.

Albuquerque

Sincerely,

New Mexico 87103/

Re: 413 Harvard Dr. SE

**Grading & Drainage Plan** 

Engineer's Stamp dated: 12-17-15 (K16D083)

Dear Mr. Valdez,

Based on the information provided in your submittal received 12/21/2015, this plan is approved for building Permit.

PO Box 1293

Please attach a copy of this approved plan, dated 10-26-15, to the construction sets in the permitting process prior to sign-off by Hydrology.

Albuquerque

Prior to Certificate of Occupancy release, Engineer Certification per the DPM checklist will be required.

New Mexico 87103

If you have any questions, you can contact me at 924-3695 or Rudy Rael at 924-3977.

Requests for approvals of Site Development Plans and/or Subdivision Plats shall be accompanied by a drainage submittal. The particular nature, location, and scope to the proposed development defines the degree of drainage detail. One or more of the following levels of submittal may be required based on the following

Conceptual Grading and Drainage Plan: Required for approval of Site Development Plans greater than five (5) acres and Sector Plans

Drainage Plans: Required for building permits, grading permits, paving permits and site plans less than five (5) acres

3. Drainage Report: Required for subdivision containing more than ten (10) lots or constituting five (5) acres or more

4 Erosion and Sediment Control Plan: Required for any new development and redevelopment site with 1-acre or more of land disturbing area, including project less than 1-acre than are part of a larger common plan of development

RE: 413 Harvard Drive SE (File: K16D083)

Grading and Drainage Plan

Engineer's Stamp Date - 10/19/15

Dear Mr. Valdez:

Based upon the information provided in your submittal received 10-19-15, the above referenced Grading Plan cannot be approved for Building Permit until the following comments are addressed.

- Provide offsite discharge flows to the alley west of the property and to Harvard Dr. east of the property. Drainage patterns for both the alley and Harvard Dr. appear to flow south. Ensure that offsite flows can be captured by downstream inlets and that no properties are adversely affected by discharged flows.
- Provide documentation allowing flows to enter alley west of the property.
- Provide adequate detailed information on the Grading Plan to ensuring no flows enter adjacent properties to the north and south.
- Show limits of concrete removal at the northeast property corner to accommodate First Flush Pond 1.
- Clearly identify and define property lines.

If you have any questions, you can contact me at 924-3994.

Kequests for approvals of Site Development Plans and/or Subdivision Plats shall be accompanied by a drainage submittal. The particular nature, location, and scope to the proposed development defines the degree of drainage detail. One or more of the following levels of submittal may be required based on the following

- 1 Conceptual Grading and Drainage Plan Required for approval of Site Development Plans greater than five (5) acres and Sector Plans
- 2 Drainage Plans Required for building permits, grading permits, paving permits and site plans less than five (5) acres
- 3 Drainage Report Required for subdivision containing more than ten (10) lots or constituting five (5) acres or more
- 4 Erosion and Sediment Control Plan: Required for any new development and redevelopment site with 1-acre or more of land disturbing area, including project less than 1-acre than are part of a larger common plan of development
