Requests for approvals of Site Development Plans and/or Subdivision Plats shall be accompanied by a drainage submittal. The particular nature, location, and scope to the proposed development defines the degree of drainage detail. One or more of the following levels of submittal may be required based on the following:

1. Conceptual Grading and Drainage Plan: Required for approval of Site Development Plans greater than five (5) acres and Sector Plans.

Drainage Plans: Required for building permits, grading permits, paving permits and site plans less than five (5) acres.

3. Drainage Report: Required for subdivision containing more than ten (10) lots or constituting five (5) acres or more.

Re: DEL TACO - EAST CENTRAL

10015 Central Avenue NE

Approval of Temporary Certificate of Occupancy (C.O.)

Engineer's Stamp dated 08/22/2006 (K-20/D57)

Certification dated 12/22/2006

P.O. Box 1293

Dear Phil,

Albuquerque

Based upon the information provided in your submittal received 12/22/2006, the above referenced certification is approved for release of 30-day Temporary Certificate of Occupancy by Hydrology.

New Mexico 87103

Upon inspection and acceptance of the required SO-19, please resubmit an updated Certification for Permanent C.O.

If you have any questions, you can contact me at 924-3982.

Re: Certification Submittal for Final Building Certificate of Occupancy for

Del Taco, [K-20 / D57] 10015 Central NE

Engineer's Stamp Dated 12/28/06

Dear Mr. Clark:

P.O. Box 1293

Albuquerque

The TCL / Letter of Certification submitted on December 22, 2006 is not sufficient for acceptance by this office for final Certificate of Occupancy (C.O.). A 60 day Temporary C.O. has been issued until the following items has been addressed: wheel ramp at the corner of Central and Conchas needs to reflect ADA requirements (transition slope on Central doesn't meet the 12:1 max); site entrance on Conchas was not constructed per approved site plan and is incomplete (curb from site doesn't transition into header curb from ramps); and all ramps within COA ROW need to have truncated domes (detectable warning surfaces) per ADA quidelines.

New Mexico 87103

After the items have been addressed and completed you need to resubmit an acceptable package along with fully completed Drainage Information Sheet to front counter personnel for log in and evaluation by Transportation.

Re:

Del Taco, Proposed Replat of Lots A & B Block 5 of The Buena Ventura Addn.

Engineer's Stamp dated 8-22-06 (K20/D57)

Dear Mr. Clark,

Upon review of the information provided in your submittal dated August 23, 2006, the above referenced plan is approved for both Building Permit and Preliminary Platting action by the DRB. Please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology.

The plan will require a separate SO-19 permit for the construction of the proposed sidewalk culvert and is approved therefore. A copy of this approval letter must be on hand when applying for the excavation permit. After project completion and prior to Certificate of Occupancy release, Engineer Certification per the DPM checklist will be required.

P.O. Box 1293

If you have any questions, you can contact me at 924-3990.

Albuquerque

Re:

Del Taco, Proposed Replat of Lots A & B Block 5 of The Buena Ventura Addn.

Engineer's Stamp dated 6-26-06 (K20/D57)

Dear Mr. Clark,

Upon review of the information provided in your submittal dated 6-27-06, there is one (1) issue which must be addressed prior to approval for Preliminary Plat or Building Permit. Specifically, runoff generated by trash enclosures may not be routed into storm drains. Drains to the sanitary sewer collection system must be included in the site work. As such, a detail of the trash enclosure with the drain and associated spot elevations must be shown.

If you have any questions, you can contact me at 924-3990.

P.O. Box 1293

Re: Del Taco, 10015 Central Ave NE, Preliminary Plat Engineer's Stamp dated 5-29-06 (K20-D57)

Dear Mr. Clark,

Based upon the information provided in your submittal received 5-30-06, the above referenced plan cannot be approved for Preliminary Plat or Building Permit until the following comments are addressed:

P.O. Box 1293

1. The appropriate SO#19 notes must be added. Please see the attached copy of the approved notes.

Albuquerque

2. Quantify the amount of flow exiting each drivepad.

Now Movies 97102

3. Define what changes you plan on making with a new plat. Call out the existing and proposed lot line. Clarification of this within the write up would be helpful.

New Mexico 87103

4. You must provide written permission from the adjacent property owner prior to proceeding with any work on Lot B.

www.cabq.gov

5. Since you are changing the lot layout, you must define the existing and proposed drainage conditions for Lot B. Provide elevations. How much flow will enter Conchas Street from Lot B?

If you have any questions, you can contact me at 924-3981.

Sincerely,

Kristal D. Metro, P.E.

Re: Traffic Circulation Layout (TCL) Submittal for Building Permit Approval for Offices and Warehouse for Del Taco- E. Central [K-20/D-57r] (10015 East Central NE) Albuquerque, NM Engineer's/Architect's Stamp Dated 05-11-2006

Dear Mr. Clark,

The TCL submittal dated May 11, 2006 is approved for building permit. The plan is stamped and signed as approved. Two copies of the plan that is stamped as approved will be required: one for each of the building permit plans and the original to be kept by you to be used for certification of the site for final C.O. for Transportation. *Public infrastructure* or work done within City Right-of-Way shown on these plans is for information only and is not part of approval. A separate DRC and/or other appropriate permits are required to construct these items.

If a temporary CO is needed then a copy of the original TCL that was stamped as approved by the City which includes a statement that identifies the outstanding items that need to be constructed or the items that have not been built in "substantial compliance". This statement requires a NM registered architect or engineer stamp to be dated. Submit this TCL with a completed <u>Drainage and Transportation Information Sheet</u> to Hydrology at the Development Services Center of Plaza Del Sol Building.

When the site is completed and a final C.O. is requested, use the original City stamped approved TCL for certification. A NM registered architect or engineer needs stamp and date the certification TCL along with indicating that the development was built in "substantial compliance" with the TCL. Submit this certification TCL with a completed <u>Drainage and Transportation Information Sheet</u> to Hydrology at the Development Services Center of Plaza Del Sol Building.

Once verification of certification is completed and approved, notification will be made to Building Safety to issue Final C.O. To confirm that a final C.O. has been issued, call Building Safety at 924-3306.

Re: 10015 East Central NE, Lot A Blk 5 Buena Ventura Addn., Traffic Circulation Layout, Engineer's Stamp dated 04-17-06 (K20-D57)

Dear Mr. Clark,

Based upon the information provided in your submittal received 02-17-06, the above referenced plan cannot be approved for Building Permit until the following comments are addressed:

1. Label and provide adequate signage for the drive-thru.

2. Provide the curve data for the drive-thru.

3. Label the southern most handicapped parking stall as van accessible.

4. See plans for additional comments.

If you have any questions, you can contact me at 924-3630.
