Dear Mr. Soule,

Based upon the information provided in your submittal received 6/20/14, this plan is approved for Grading Permit and Building Permit. Please be advised, before either Permit can be issued, an Erosion and Sediment Control Plan prepared by a registered engineer under the laws of the State of New Mexico, must be approved. This project requires a Topsoil Disturbance Permit since it is disturbing $\frac{3}{4}$ of an acre or more.

Please attach a copy of this approved plan to the construction sets in the permitting process prior to sign-off by Hydrology.

Prior to Certificate of Occupancy release, Engineer Certification per the DPM checklist will be required.
