**Re: Mile High Little League
Traffic Circulation Layout (Sheets 4, 5, & 6 of 11)
Architect's Stamp Date 1/26/2015 (K21/D002A)**

Dear Mr. Wilkinson,

Based upon the information provided in your submittal received 1-27-15, the Traffic Circulation Layout (TCL) is approved for Paving Permit.

When the site construction is complete, please use this approved plan for certification. Redline any minor changes and adjustments that were made in the field. A NM registered architect or engineer must stamp, sign, and date the certification TCL along with indicating that the development was built in "substantial compliance" with the TCL. Submit this certification TCL with a completed Drainage and Transportation Information Sheet to front counter personnel for log in and evaluation by Transportation.

If you have any questions, you can contact me at 924-3999.

Sincerely,

Shahab Blazar, P.E.
City Engineer, Planning Department
