Conceptual Grading and Drainage Plan
Engineer's Stamp Date: 6/6/2022
Hydrology File: L08D013**

Dear Mr. Carrica:

Based upon the information provided in your submittal received 6/6/2022, the Conceptual Grading & Drainage Plan is preliminary approved. The following comments need to be addressed for approval for Grading Permit, Work Order, and Building Permit.

1. Provide written approval from AMAFCA for the plans.
2. Submit a finalized G&D for approval to Hydrology for review.

As a reminder, if the project total area of disturbance (including the staging area and any work within the adjacent Right-of-Way) is 1 acre or more, then an Erosion and Sediment Control (ESC) Plan and Owner's certified Notice of Intent (NOI) is required to be submitted to the Stormwater Quality Engineer (Doug Hughes, PE, jhughes@cabq.gov, 924-3420) 14 days prior to any earth disturbance.

If you have any questions, please contact me at 924-3695 or dggutierrez@cabq.gov

Sincerely,

David G. Gutierrez, P.E.
