**Re: Chick-fil-A, Gibson and University  
Erosion Sediment Control Plan  
Engineer's Stamp Date 4-27-15 (M15E012C)**

Dear Mr. Kelts,

Based upon the information provided in your submittal received 4-29-15 the above referenced plan is acceptable to be included in the SWPPP and for Grading and Building Permit once the grading plan is approved by Hydrology.

Silt fence was not shown along the entire northern boundary. It is uphill, so no flows should cross this boundary, however, if dirt ends up on the sidewalk due to grading operations it should be swept.

PO Box 1293

If you have any questions, you can contact me at 924-3420.

Albuquerque

Sincerely,

Curtis Cherne, P.E.  
Principal Engineer, Stormwater Quality  
Planning Dept.
