**Re: Whataburger 2141 Gibson Blvd SE
Erosion and Sediment Control Plan
Engineer's Stamp Date Missing (M15E021A)**

Mr. Tolman,

Based upon the information provided in your submittal received 2/17/2023, the above-referenced ESC Plan cannot be approved for Building Permit until the following comments are addressed.

1. The ESC Plan must be certified by either a Professional Engineer (PE) or a Certified Professional in Erosion and Sediment Control (CPESC). Update the engineer's stamp date each time the plan is changed.

If you have any questions, you can contact me at 924-3420 or jhughes@cabq.gov.

Sincerely,

James D. Hughes
